

LEVEL DETERMINATION

LEVEL 1 (1:3)

Campers are provided one direct care counselor per three Level 1 campers.

Level 1 is for campers who are able to perform most of their ADL's (Activities of Daily Living) independently.

Campers in this level take between 0-4 medications per day and do not have any current ongoing medical concerns.

Camper is independent with eating, or requires some verbal prompts and/or minimal physical assistance (e.g. cutting up food).

Camper is independent with hygiene needs, or may require some verbal prompts to ensure completion or thoroughness.

Camper is independent with toileting, or requires minimal verbal prompts.

Camper is independent with practicing coping skills and staying focused on task at hand, or requires minimal verbal prompts or redirection.

LEVEL 2 (1:2)

Campers at this level are served with one direct care counselor per two campers.

Level 2 campers require some physical assistance but are independent in other areas of care.

Camper in Level 2 may not exceed 8 medications per day, and have minimal medical concerns.

Camper may require minimal physical assistance with accessing food at meals, and/or requires specialized diet/nutrition (e.g. pureed food).

Camper may require minimal physical assistance (e.g. wiping) with toileting.

Camper may require verbal prompts or redirection with practicing coping skills and staying focused on the task at hand.

Camper may be dependent on a mobility device (e.g. walker, cane, etc.) but is able to use this

LEVEL 3 (1:1)

Level 3 is reserved for campers who need one-to-one assistance the majority of the time due to medical or behavioral situation.

Medications may exceed 8 per day.

Campers who require medical treatment such as feeding tubes and severe seizure monitoring are automatically Level 3.

Camper has insulin-dependent diabetes requiring regular injections.

Camper may require full assistance with accessing food at meals.

Camper may require full assistance with most or all hygiene needs.

Camper may require full assistance with toileting, including transferring, diapering, and wiping.

Camper may require verbal prompts and redirection with practicing coping skills and staying focused on task at hand most to all of the time.

Camper may be dependent on a mobility device (e.g. manual/electric wheelchair, scooter, etc.) at all times, may be independent with using it or need assistance.

Camper may be a flight risk.
